Full Spectrum Social

Group Ambassador Role Description
Support and Connect

Full Spectrum Social is seeking dedicated volunteers to join us as Group Ambassadors. In this position, volunteers will attend events and provide support to event attendees. We hope that everyone feels welcome to apply and that our volunteers reflect the large diversity of our group members.

Full Spectrum Social values the skills, abilities and talents that its members contribute to our goal of providing interesting, educational and fun social activities for Autistic adults. Through these activities, our members have enjoyed opportunities to socialize in safe non-judgemental spaces, while meeting new people and building community.

With our fast-growing member support over the last several years, the interest in our events has grown to such a degree that we need help to expand our activity base. Whether you are an existing or new member, or interested in becoming a member, you can make a difference by supporting a world where Autistic people are accepted, supported and included as valued members of society!

This is an opportunity for you to showcase your abilities and learn new skills, gain valuable experience and a possible job reference to support your career goals, or simply have fun doing something meaningful and productive with your time.

As Group Ambassador, you will take on the following responsibilities

- Report to the Event Coordinator. This includes ongoing communication before, during and after events, as required.
- Provide support to Event Hosts during scheduled events
- Wear a lanyard to be visible and identifiable to group members as they arrive
- Welcome and connect with attendees as they arrive. You can share relevant information with them, introduce them to other members, answer questions, and offer support as needed.
- Monitor for issues or problems and request assistance from the Event Host or Event Coordinator when needed.
